MINUTES

A. Welcome and Introductions

Tricia welcomed attendees and introductions were made over Zoom.

B. Committee Administration

⇒ Jack made motion to approve January Meeting Minutes. Shanta seconded the motion. Motion approved with no objection.

C. Collective Goal Focus

GOAL 1: Youth-Focused Coordinated Entry System

- ⇒ HOST officially manages Youth Coordinated Entry List
- HOST has committed to taking lead on managing the Youth Coordinated Entry System and list of names, cleaning up the list for appropriateness and providing outreach and follow up with youth on the list:
 1. 53 youth from the Youth CE list were provided to HOST outreach team
 2. Any youth under the age of 25
 3. HOST noticed errors and began scrubbing the list for quality and accuracy
 4. Provide outreach to those on the list and refer to wraparound services and supports
 - Forms now available for agencies interested in being an access point for Coordinated Entry (adult system)—Tricia will post on Basecamp
 - SHA can provide support to HOST for TAY Coordinated Entry, but can not be a Coordinated Entry access point at this time

GOAL 5: Advocate Funding Decisions for Youth Homelessness

- ⇒ Options to meaningfully include youth into this sub-committee:
- Salem-Keizer school district is currently conducting panoramic surveys with students that cover many topics of interest to this group
 1. QR codes are displayed all around schools that link phones to the survey
 2. Increases communication for students to report concerns
 3. May have a system developed to survey youth in the future
 - Alberto, Youth ERA, gave an update about the efforts to connect with youth that were previously engaged but have been inactive since COVID started. Starting to seek out those who have dropped off and check in on where they are staying. Many youth shared that they reunified with estranged families. Peer youth engaged with Youth ERA are conducting outreach to those still inactive and to check in, allowing youth to provide peer support to each other and move some into an advocacy role.
-

-
- HOME has funds available to support youth in becoming involved and engaged with this subcommittee. Ideas include: inviting youth to standing YYA meeting, scheduling another youth-friendly time/dates for a separate forum, high school after school “club”, outside of school setting to garner trust, etc.
 - Revisit next month more in context of next steps

GOAL 2: Expand Youth Outreach

- ⇒ Discussed potential to combine street outreach efforts and events between partners
 - HOME contact Hailey at 971-304-8023 or hailey.hulsey@mwvcaa.org
