4. **Diversity, Equity, and Inclusion**
   Last month we reviewed recommendations from the PACE Team and identified priorities for individual organizations and for the Alliance. This month we will discuss ways to move two of those priorities forward [creating a clearinghouse and making room at the table for diverse voices] (see **pages 7 and 9**).

5. **Health & Safety Subcommittee**
   Last month the Collaborative Committee voted to form a Health & Safety Subcommittee. This month, we will discuss the priorities for this subcommittee and ask for volunteers to draft the subcommittee charter for Collaborative Committee approval. We will discuss the following subcommittee issues identified in the Strategic Plan. The full text of these issues is included on **page 11** of the agenda packet. The issues are:
   - Behavioral health needs

6. **Case Management Survey** **Ian Dixon-McDonald, Committee Co-chair**
   An upcoming task from the Strategic Plan is to assess current case management resources, capacity, and activities, and identify service gaps, professional development needs/interest, and system improvements.
