5/17/2022	e-snaps	<p>I have been unable to access our Agency's E-Snaps account for the past two days; we are attempting to work on our YHDP Application. Here's the link we've been using to attempt to access the site:  <a href="https://esnaps.hud.gov/grantium/programOffice.jsf;jsessionid=13iZgnVdUJ-7RR-AQfWj7jAW">https://esnaps.hud.gov/grantium/programOffice.jsf;jsessionid=13iZgnVdUJ-7RR-AQfWj7jAW</a> Are you all able to access it? And do you have a good IT contact for HUD if it's only out on our end?</p>	<p>The link you are using is for the Program Office. Instead, make sure your agency has an e-snaps account and have registered for the 2020 YHDP Program. For more information, see the HUD YHDP New Project Application e-snaps Navigational Guide on this page.</p>
