5/19/2022	e-snaps	<p>I am attempting to fill out our Project Applicant Profile on E-Snaps. To complete the profile, we need to fill out SF-424 Supplement, the Survey on Ensuring Equal Opportunities for Applicants, since we're a non-profit. However, the link to the form listed on the portal leads to a page on the HUD site that says "Page not Found." There's an alternate link to the form in the Project Applicant Profile Navigational Guide, but that link also says "Page Not Found" when you click on it. I have searched for the name of the form on my web browser, and the only thing that comes up is the standard SF-424, and a non-fillable PDF version of the SF-424 Supplement form that expired in 2012.</p>	<p>Contact e-snaps@hud.gov for questions about e-snaps technical issues, including creating an individual user profile, lockouts/password resets, requesting access to a CoC's or project applicant's e-snaps account, navigating e-snaps, updating the Applicant Profile, identifying the funding opportunity, creating a project, and accessing the application on the Submissions screen.</p>
