1. Describe your organization's (and subrecipient(s) if applicable) experience in effectively utilizing federal funds and performing the activities proposed in the application.

The Mid-Willamette Valley Community Action Agency (MWVCAA) formally began operations in 1967 with its 501c3 designation. As one of MWVCAA's programs, HOME Youth Services has been serving youth experiencing homelessness since 1994, via shelter services, housing support, and community referrals. HOME serves approximately 500 unduplicated youth every year. HOME Youth Services (HOME) provides services and support to at-risk youth and youth experiencing homelessness in Marion and Polk County, Oregon. HOME consists of an emergency shelter, a day center, and a street outreach team designed to serve 11 -18 year olds. At our day center, the Drop In, youth have access to three meals a day, food boxes, Wi-Fi, computers, lockers to store belongings, washers and dryers, and healthy connections with adults who care. Youth Navigators at the Drop In are able to provide referrals for youth to outside supportive services, as well as transportation to the services. Taylor's House, HOME's emergency shelter, provides daily structure, pro-social activities, onsite groups, and skill building programs. Taylor's House can accommodate up to ten youth 24 hours a day, 365 days a year.

MWVCAA has been successfully implementing and running CE projects for the past 6 years. MWVCAA started implementing Coordinated Entry (CE) in August of 2016, partially because it was a requirement for all HUD-funded projects, including the Emergency Solutions Grants Program. MWVCAA implemented CE as the primary way to fill all empty housing opportunities in Oct 2016. Then, in July of 2017, we began work with the Rural Oregon Community of Care (our COC at the time) to implement a CE process across 28 counties. When a new CoC—our current CoC—was formed, we agreed to continue to run Coordinated Entry, but any changes and implementation would go to the COC for approval. We now have access points and CE opportunities across the two counties and have assisted in developing a Domestic Violence CE process, Built for Zero case conferencing and Veteran case conferencing. Our past experience with CE make us excellent candidates to develop a youth specific CE checklist and implement this project.

MWVCAA has 55 years of experience receiving and effectively managing federal grants. At MWVCAA, our 9 different programs each meet a different set of community needs. All of the programs are operated by utilizing multiple grants, many of them from federal, state, or local governments. For the fiscal year ended June 30, 2021, we received a total of approximately \$31 million in federal awards, some were direct funding while others were passed through. We have a history with federal awards, and have worked with federal awards within our nine different programs. More specifically, we receive federal funds totaling \$9,085,477 each year for our Head Start and Early Head Start programs, which supports supports personnel, equipment, supplies, travel, administration and contracts. We are strictly compliant with the federal grants awarded to us, leading to year over year renewal. Our program side are well-equipped with personnel to carry out the activities that are proposed in their budgets. Programs are structured in a way that makes sense, unique to the grants as needed.

HOME receives a total of \$594,289 in grant funding from Oregon's Department of Human Services each year; our funding is consistently renewed each year due to our program's compliance and effectiveness. Our Program Directors and Financial Department have years of experience operating government-funded projects effectively while being strictly compliant. Grant awards and program expectations are thoroughly reviewed by both Program Directors and Finance

Managers to ensure we understand reporting, spending requirements, and limitations. This understanding is translated into Program Manager and Line Staff training to enable the proper use of funds by the program staff who are completing transactions. Monthly financial statements are also sent to the Finance team, who question any out-of-place expenditures, creating accountability and oversight.

Most recently, HOME Youth Services was awarded a \$407,223 federal Family and Youth Services Bureau Street Outreach Program grant (FYSB SOP). With FYSB SOP funding, HOME Youth Services has been able to bring on board a confidential advocate from a local sex trafficking agency to work alongside HOME’s street outreach team. FYSB SOP funding also allows HOME Youth Service’s outreach program to expand outreach efforts due to more funding for staffing and supplies. MWVCAA also has two currently active HUD grants: a \$186,000 HUD CoC Rapid Re-Housing Funding, and a \$36,309 HUD CoC SSO for Coordinated Entry.

2. Describe your organization’s (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

MWVCAA and HOME both have an extensive history of leveraging federal, state, and local funds without finding. We have a total of \$51,969,099 in federal funds and a total of \$16,922,211 in state funding for the 21-22 fiscal year. As an example of fiduciary responsibility and while performing expeditious client services, we received \$14.9 million in emergency COVID rental assistance funds and we were the state leaders in spending those funds down, serving 2,048 households between July 2021 and November 2021. We have a dedicated Development Department that actively seeks new grant funding to enhance our program services, and a Finance Department that helps track and manage grant reporting and requirements. We anticipate pairing the required \$600,000 in match funds from state funds and in-kind resources.

MWVCAA, in our Homeless and Housing sector alone, will offer \$24,187,000 in federal resources for fiscal year 21-22. Of that, \$1 million is used exclusively for Rapid Rehousing, and MWVCAA also offers a variety of transitional housing and sheltering opportunities utilizing federal funds. Two of these opportunities include (1) Tanner Project, a transitional housing site for at-risk and unhoused veterans that will receive \$2.8 million in federal funds for the 21-22 fiscal year, and (2) The ARCHES Inn, a transitional shelter for 2020 wildfire impacted households and the chronically homeless who are also medically fragile, that will receive \$850,000 in federal funds for the 21-22 fiscal year.

3. Describe your organization’s (and subrecipient(s) if applicable) financial management structure.

Mid-Willamette Valley Community Action Agency has nine unique programs all under one administrative umbrella. Our Executive Director manages our C-suite team and our Director of Development. Our C-Suite Management team is comprised a Chief Operations Officer, a Chief Financial Officer, a Chief Program Officer for Early Learning and Child Care, a Chief Program Officer of Housing and Homelessness, and a Chief Program of Energy and Weatherization. Our Chief Operations Officer supervises our Human Resources department, and our Chief Financial Officer supervises the Finance Department. The Chief Program Officer for Early Learning and Child Care, the Chief Program Officer of Housing and Homelessness, and the Chief Program of Energy and Weatherization in turn supervise our eight Program Directors. Each Program Director provides financial and managerial oversight for their particular program, overseeing both line staff and program managers. HOME's Program Director reports to our Chief Program Officer of Housing and Homelessness, who in turn reports to our Executive Director.

The MWVCAA Finance Department will work closely with the HOME Youth Services Program Director to ensure proper oversight of the federal funds. Our Finance policies and procedures have been developed and are conducted in accordance with 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. MWVCAA undergoes an audit each year that includes HOME Youth Services. For the past 4 years, there have been no major findings in our audits and the Agency successfully manages millions of dollars of both state and federal funds. MWVCAA has a fifteen-person Finance Department--overseen by a CFO who has a BBA in Accounting and nearly ten years of accounting and audit management experience—that works closely with HOME's Program Directors to ensure all financial monitoring and reporting are completed in a correct and timely manner. Finance meets with the Program Directors to discuss the status of grants on a monthly basis. Grants are reviewed to their budget to ensure proper grant management. Reporting is built within Abila (a cloud-based reporting software) to provide timely information to interested parties.

Property is tracked by program. Any disposition above threshold as defined by accounting and funder guidelines are run through the proper channels. Assets are reviewed on a monthly basis. Additionally, MWVCAA retains records as required by law and destroys them when appropriate. The formal records retention policy is dependent on the type of record it is. All grants are reviewed carefully to ensure proper compliance. For any noncompliance issues, the appropriate level of management is involved.

MWVCAA recognizes that as a recipient of federal funds, our organization is responsible for compliance with all applicable laws, regulations, and provisions of contracts and grants.

**4. Are there any unresolved HUD monitoring or
OIG audit findings for any HUD grants (including
ESG) under your organization?** No

5. Describe the experience of the applicant and potential subrecipients (if any) in providing housing and services to Black, Indigenous, People of Color (BIPOC) experiencing homelessness.

Specific to HOME Youth Services, 35% percent of our youth identify as Hispanic or Latino and 14% of our clientele identify as a race other than white. In order to accommodate HOME has five dedicated FTE bilingual staff members who speak Spanish to more fully support youth in our care who need language services.

Additionally, we have a specific program in our Housing and Homeless Services Division, called Fuerza Campesina, that provides culturally responsive health navigation services to migrant agricultural employees and their families. We launched this initiative with the goal of addressing healthcare access and inequities within the migrant farmworker population and providing system navigation supports and services. To build rapport with this population, we hired a team of staff who have lived experience in the migrant agricultural industry and who understand the challenges that immigrant communities experience trying to navigate healthcare benefits. Their experience and cultural competency allowed us to build trust and foster relationships with this population.

- 5a. Select the type of SSO Project:** Coordinated Entry

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This project will provide youth-specific Coordinated Entry, for youth in Marion and Polk counties in order to divert or rapidly exit youth and young adults from homelessness. Coordinated Entry efforts will be tailored to be responsive specifically to youth needs. Our Youth Navigators performing CE assessments will be located in a rural location to better serve rural youth in Polk County and be more responsive to their needs; they will also be able to complete assessments in the community in order to meet youth and young adults where they're at. The location of the Youth Navigator is intentional, to ensure rural youth can remain connected to their community of origin, maintaining important ties and remaining integrated with their community. The project will be ready for implementation in September 2022, with CE assessments beginning in December 2022. Before assessments can begin, HOME Youth Services will work with the youth and community partners to develop assessment questions applicable specifically to youth under 18. The developed system would be youth centric and accessible to homeless and at risk youth and young adults. Out of this program, the number of CE assessments will be representative of the population of youth under the age of 24 in need of services in the region. We will be able to measure this by tracking the number of youth assessments completed and the number of youth and young adults that successfully move into positive housing outcomes.

The program will receive administrative oversight from the Program Director of HOME Youth Services and a Program Manager, who will maintain grant documents, perform trainings, turn in reports, collect and review data, and manage staff. Two Youth Navigators will be trained to perform youth specific coordinated entry assessments and resource navigation. All staff will be trained in cultural humility practices, trauma-informed care, and diversity and equity practices. Bilingual staff will be available to offer the best possible care for youth.

1a. Provide a description that addresses how this project will follow Positive Youth Development.

MWVCAA and HOME Youth Services will coordinate with our Youth Action Board to shape the new Coordinated Entry list for youth in a way that adheres to Positive Youth Development principles, ensuring that youth systems are included as a factor in the development of the list and assessment questions. The Youth Navigator dedicated to Coordinated Entry efforts will be trained on the fundamentals of Positive Youth Development and motivational interviewing. This training will allow the youth and staff to partner together in order to ensure the youth feels a greater sense of personal power, a greater sense of purpose, and a more positive view of their personal future.

1b. Provide a description that addresses how this project will follow Trauma Informed Care.

HOME staff will strive to ensure that the youth Coordinated Entry process is as trauma-informed as possible. Trauma-informed care is an approach that assumes youth are more likely than not to have a history of trauma. For youth experiencing homelessness, this approach is vital, as participants are likely to carry intense trauma. Staff will respect youth boundaries and choice by not pressing them for information they're not willing to provide, they will offer youth an opportunity to see what information they're writing down, and they will provide a safe, judgement-free space for youth to disclose sensitive information, to establish rapport and trust. Youth voice and youth choice are foundational parts of HOME and a huge part of our services being responsive and trauma-informed. Youth will be involved in the development of CE policies and procedures to ensure their voice is being heard and valued as part of the project implementation process.

1c. How does this project help the community meet the shared vision, goals and objectives of the coordinated community plan?

This project helps meet the vision, goals and objectives of our Coordinated Community Plan (CCP) in several ways. One of the goals in our CCP is "The community uses coordinated entry processes to effectively link all youth experiencing homelessness to housing and services solutions that are tailored to their needs." By adding staff members capable of providing youth coordinated entry in the region, MWVCAA will be able to increase the number of youth experiencing homelessness who are able to access Coordinated Entry assessment and be placed on the Coordinated Entry list. This will help them quickly access housing resources and services. Additionally, by placing those staff in a more rural county, Polk, we will be able to reach a new subsection of youth. All too often, rural youth experiencing homelessness are less able to access the services they need, and are forced to rely on couch surfing or unsafe housing situations. By placing more Coordinated Entry specialists in Polk County, we can quickly connect more youth to safer housing situations that are tailored to their needs.

MWVCAA will be able to have staff dedicated to working with the COC's Coordinated Entry program to address Coordinated Entry common concerns we hear from local youth, helping us link more youth to services and create solutions that are responsive to their needs. First, youth have expressed that they don't feel the assessment tools in the CE are youth-specific enough, or that the Transitional Aged Youth Assessment is trauma-informed or accurate to the needs and vulnerabilities of youth. Second, youth have expressed that Assessment sites and CE Specialists are not specifically trained to work with youth. Our CE project would train new assessors and create new processes that are youth-specific, making them more trauma-informed and accessible for local youth.

6. How will you work to remove barriers such as landlord's unwillingness to accept CoC assistance or provide housing to people experiencing homelessness. If project uses RRH units, additionally describe your landlord engagement to ensure there are RRH units available for persons enrolled in your project.

If we encounter this barrier, we will work with the landlord and the youth to complete a rental tenant education program before they enter into a rental agreement. We also have pre-existing relationships with landlords in both counties via our other housing work in the region, and can leverage those relationships and pre-existing contacts.

7. Will program participants be required to live in a specific structure, unit, or locality at any time while in the program? No

8. Will more than 16 persons live in a single structure? No

9. As a SSO-Coodinated Entry project answer the following questions:

9a. Will the coordinated entry process cover the CoC's entire geographic area? Yes

9b. Will the coordinated entry process be affirmatively marketed and easily accessible by program participants seeking assistance? Yes

9c. Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance.

MWVCAA works in collaboration with the CoC to ensure equitable access to the CE system through: the installation of multiple access points, CoC stakeholder and CE staff trainings, onboarding of bilingual and community representative staff, CE assessments out in the field during outreach, and the integration of culturally specific partners. The times and dates, as well as locations, of CE assessment periods are also made available on the MWVCAA website, community forums, and during outreach events. In additional, referral processes are available for community partners to request a CE assessment.

9d. Will the coordinated entry process use a comprehensive, standardized assessment process? Yes

9e. Describe the standardized assessment and referral process that directs individuals and families to appropriate housing and services.

MWVCAA uses a Coordinated Entry process using the VI-SPDAT and TAY-VI-SPDAT, a data driven model which determines vulnerability, to determine appropriate program referrals into housing programs. Coordinated entry is a process developed to ensure that all people experiencing a housing crisis have a single or coordinated point of entry and equal access to the homeless delivery system. This type of entry allows homeless persons and those at-risk of homelessness to be quickly identified, assessed, referred and connected to the appropriate shelter or housing, and assistance. It also facilitates the assessing agency's ability to prioritize the most vulnerable individuals and households for immediate assistance.

9f. If the coordinated entry process includes differences in access, entry, assessment, or referral for certain subpopulations, are those differences limited only to the following five groups: (1) adults without children; (2) adults accompanied by children; (3) unaccompanied youth; (4) households fleeing domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions (including human trafficking); and (5) persons at risk of homelessness? Yes

9g. Will coordinated entry project refer program participants to projects that specifically coordinates and integrates mainstream health, social services, and employment programs for which they may be eligible?

Yes – using the TAY-VI-SPDAT and the development of the youth CE system. MWVCAA will provide CE referrals to integrated housing and shelter programs to assist homeless and at-risk youth. This new process will operate in collaboration with the existing established CE system. Whereby multiple domains of vulnerability and wellness are assessed to not only triage placement into services, but also to help navigate clientele who may be experiencing co-morbidities to vital resources.

Youth Homeless Demonstration Projects

1. Does this project carry out housing problem solving activities to divert or rapidly exit households from homelessness? Yes

1a. Describe the intervention strategy to engage families and how community partnerships such as child welfare agencies, schools, youth providers, and other community service and homeless providers are incorporated into the intervention strategy?

HOME Youth Services will receive referrals from community partners like schools, youth providers, and other homeless providers. We will also partner with community agencies and other providers to ensure youth are receiving complete wraparound services. Additionally, we will provide training and assistance to our CE partner sites to ensure they have the most up-to-date version of the Youth-Specific CE checklist, after it's developed, to further enhance youth care.

4. Does this project plan to use Rental Assistance? No

5. How will the community continue to involve the Youth Action Board (YAB) in the development and implementation of YHDP projects?

YAB will continue to be an active voice for program. We will ask YAB to be involved in the development and approval of the TAY-VI-SPDAT through surveys, focus groups, and work sessions. YAB will also be involved in the development and implementation of an app to answer basic CE questions. Youth voice and youth choice is essential to this project, so we will ensure YAB will have an integral part in the planning and implementation of the projects. A youth-specific CE program is essential for youth to be accurately assessed for services. In order to best develop and implement the program, youth voice is necessary.

6. Will your project offer any specialized services for youth living with HIV/AIDS? No

Special YHDP Activities

1. Is the YHDP Replacement project applicant requesting a Special YHDP Activity, Exemption or Innovative Activity? No

4A. Supportive Services for Participants

1. Describe how program participants will be assisted to obtain and remain in permanent housing.

Each youth will have a Youth Navigator (case manager) to help them fill out the CE checklist and navigate the resources they will need to obtain and remain in permanent housing. Youth Navigators will work with and empower youth through every stage of the housing process to ensure they can navigate systems. Youth Navigators will check in weekly at a minimum to navigate any needs as they come up. Youth Navigators will also be available through the youth's preferred method of contact for youth when any questions arise.

1a. Describe specific efforts to ensure BIPOC, LGBTQ and people with disabilities experiencing homelessness will be connected to housing of their choice and supported in housing after the assistance has expired.

Youth voice and youth choice is central to HOME Youth Services services. This would provide youth the opportunity to share their needs. We do not discriminate based on identity or ability, and would ensure all youth are served equitably. This client-focused methodology is currently practiced at MWVCAA with alternate state and federal programming. Staff are trained in cultural humility, how to serve BIPOC and LGBTQ youth, trauma-informed care, mental health first aid, landlord tenant law, fair housing, and introduction to restorative justice. The development of a new CE checklist with youth input will also help us serve diverse populations of youth in a responsive, equitable way.

2. Describe the specific plan to coordinate and integrate with other mainstream health, social services, and employment programs for which program participants may be eligible.

Youth Navigators would partner with youth and community partners to ensure that youth have access to the services they need, including, but not limited to: affordable health insurance and health care, disability services when necessary, education support, and employment programs like HOME Youth Service's Youth Empowerment Program. These needs are individual to the youth's specific goals and will be assessed together with the youth and the Youth Navigator through an individual service plan.

4. How will the project allow youth the ability to choose the providers and interventions that fit their needs?

All youth will work with Youth Navigators to ensure access to services and resources that address unmet needs. While identifying various unmet needs, they are informed of resources made available to them to meet those specific needs, they have the option to engage or disengage at any time. This is inclusive of releases of information to selected providers. Staff will use motivational interviewing methods like open ended questions and reflections to ensure they are being heard and the appropriate level of care is offered.

5. How will the project respond to the different needs for service type, intensity, and length of supports for youth?

HOME Youth Services recognizes that all youth are entering into services with a unique story. We will consider all aspects of a youth's background and identity when matching them with service types, intensity of support and length of support, acknowledging that things like cultural background, religious background, sexual identity, gender identity, and trauma history impact a youth's unique ability to respond to and engage in services. Staff will work with the youth as the youth leads in developing individual service plans, acknowledging the systems that impact their development. Individual service plans address goals related to, but not limited to: housing, mental health, dental health, family reunification, education services, and independent living skills.
