6. **Priorities for 2022-23** **Adam Mennig, Committee Co-chair**
   Collectively, Alliance partners, committees, and local communities are providing incredible leadership and an unprecedented level of resources to end and prevent homelessness across the Marion-Polk region. The need is great, and the effort must be multi-faceted. However, there must also be an agreed-upon set of priorities to maximize our collective success. We will use the following questions to help identify our collective regional priorities for 2022-23.

   a. What else should we be doing to address the needs of our two priority populations (chronically homeless and/or youth)?
   b. What are the main messages for the general public around homelessness? What do you tell people?
   c. Should there be any changes to the Alliance organizational structure to better support collective efforts?

- Bridgeway Recovery Services has opened Phase 1 of their new **Bridgeway Recovery Plaza** in downtown Salem to better treat mental health, chemical dependency, and problem gambling. Within the next few years, Phase 2 will build onto their campus a detox center and primary care clinic, bringing most of their services into one place. **The goal:** to increase access in downtown Salem where treatment for mental health and chemical dependency is "in full view" to reduce stigma of seeking help.
