Mid-Willamette Valley Homeless Alliance

Performance and Evaluation Committee

Tuesday, September 6, 2022
MEETING MINUTES

ATTENDANCE		
Member	**Organization**	**Attended**
Chair: Josie Silverman-Mendez	PacificSource	Yes
Chris Berg	Oregon Housing and Community Services	Yes
Dan Clem	Union Gospel Mission	Yes
Julie Conn-Johnson	24J McKinney Vento Program	Yes
Christine House	PacificSource	No
Michael Livingston	CANDO Neighborhood Association	Yes
Margie Lowe	Marion-Polk Early Learning HUB	Yes
Alisa Parker	Catholic Community Services	No
Aryn Walker	Marion County Health and Human Services	Yes
Guests	Jan Calvin, MWVHA Consultant	
	Janet Carlson, MWVHA Consultant	
	Tim Weese, Mid-Willamette Valley Community Action Agency	

1. **Welcome and Introductions**
   Josie Silverman-Mendez called the meeting to order at 3:00 pm.

2. **Committee Administration – Josie Silverman-Mendez**
   Approval of 8/2 Minutes: Julie Conn-Johnson moved approval of the minutes. Chris Berg seconded the motion, which was approved unanimously, with Dan Clem abstaining.

   Responsibilities & Procedures Document: Josie and Janet summarized revisions to the document drafted at the prior workgroup meeting. Dan asked about the relationship between the committee charter and the responsibilities document. Josie responded that the responsibilities document takes the charter a step further. If committee work centers on data for projects and systems, how do we pull or review data?

   With regard to the definitions section, Michael agreed to including definitions for CoC and CoC Program and requested that the CoC definition incorporate the purpose statement of the CoC Governance Charter. Janet presented the proposed committee work plan. Michael added that the document relates to all three committee responsibilities, but we should not infer that these are the only things the committee will be asked to do. He stated that the responsibilities will require work outside of monthly meetings.

   P&E Committee Charter Proposed Revisions: Janet screenshared a marked copy of the P&E Committee Charter with proposed substantive revisions to the purpose statement and Membership, Performance Monitoring, and Charter Amendments sections. Additional technical/grammatical revisions were proposed. Language that mirrored the board charter not directly impacting the P&E Committee were proposed for deletion.

   Margie made a motion to move the charter revisions to an action item. Michael seconded the motion. The motion passed unanimously.

During committee discussion for this item, Michael asked about Dan's membership status after an extended leave of absence. Janet responded that she would review the matter and get back to the committee.

NOFO Reallocation Discussion. Janet explained that a renewal application had not been submitted by the deadline for the CoC Program Notice of Funding Application (NOFO) local competition currently underway. HUD was contacted about options and provided several options, the most feasible being reallocation given the tight HUD deadlines. The program award of $30,068 would be lost to the CoC without the reallocation. Michael stated that the request was timely and appropriate. Michael made a motion to recommend to the board of directors a reallocation of $30,068. Margie seconded the motion. The motion passed unanimously.

Data Dashboard: Chris Berg provided data reports for three System Performance Measures (SPMs) that were disseminated to committee members prior to the meeting (see Attachment 1 below):

- The length of time a person remains homeless;
- The extent to which persons who exit homelessness to permanent housing destinations return to homelessness; and
- The number of successful housing placements.

Michael presented the report information in "plain language" (see Attachment 2 below).

After the presentation, committee discussion ensued. Margie asked if the data represents the CoC program as whole? Or individual programs by providers? Margie cautioned the committee about mitigating factors that can affect data and need to be considered, such as the subpopulations served. Michael responded that the benefit of data is to raise questions. What more do we need to know? What more do we ask? Chris added that the data can be tricky to interpret. These numbers are within the context of the program providers. They represent clients from different projects.

Josie expressed appreciation to the workgroup members. This has been a major team effort. She asked about project level summaries. Chris replied that these are harder from some projects than for others. Returns to homelessness are the hardest. He illustrated examples where data errors or duplication of clients may change the numbers. In the big picture, the duplications fall away. He is working on a summary breakdown for the three SPMs.

Michael stated that the reports show what we can do and what the challenges are. This information will be helpful when reviewing ESG and CoC-funded programs.

As a "note to leave on," Chris said that the data reports are a good guidepost with useful information. For most programs, duplication is not significant, although it can be an issue for small providers. From the data, the reviewer gets a send of what is happening at the provider level. Josie called attention to the high-level caveats in the document and asked what is next?

Michael expressed reluctance to set a frequent schedule. He recommended that the data be provided quarterly for the next six to nine months. Margie added that the committee needs to consider two questions: (1) Is there is seasonality in the data? (2) how does that get communicated to us? She suggested incorporating a graphic display for future data.

The committee agreed by consensus to the proposed schedule. The next reports will be generated for the November committee meeting.

Janet reported that she had reviewed the board of directors' minutes and found that the board had accepted Dan's resignation as PE Committee chair at the June 10, 2021 meeting, but the board did not accept Dan's resignation as a member of the PE Committee at that meeting or at a subsequent meeting.

Adjournment. With no further business, the meeting was adjourned at 4:23 pm.

C. THE NUMBER OF SUCCESSFUL HOUSING PLACEMENTS

Metric 7a.1 - Change in exits to permanent housing destinations

	Prior Year Counts	Current Year Counts	Difference
Persons who exited Street Outreach		69	
Exited to temporary & some institutional destinations		13	
Exited to permanent housing destinations		5	
% Successful exits		26.09%	

Metric 7b.1 - Change in exits to permanent housing destinations

	Prior Year Counts	Current Year Counts	Difference
Persons in ES, SH, TH, and PH-RRH who exited, plus persons in other PH projects who exited without moving into housing		1754	
Exited to permanent housing destinations		545	
% Successful exits		31.07%	

Metric 7b.2 - Change in exits to or retention of permanent housing

	Prior Year Counts	Current Year Counts	Difference
Persons in applicable PH projects who exited after moving into housing, or who moved into housing and remained in the PH projects		114	
Remained in applicable PH projects and or exited to permanent housing destinations		109	
% Successful exits/retention		95.61%

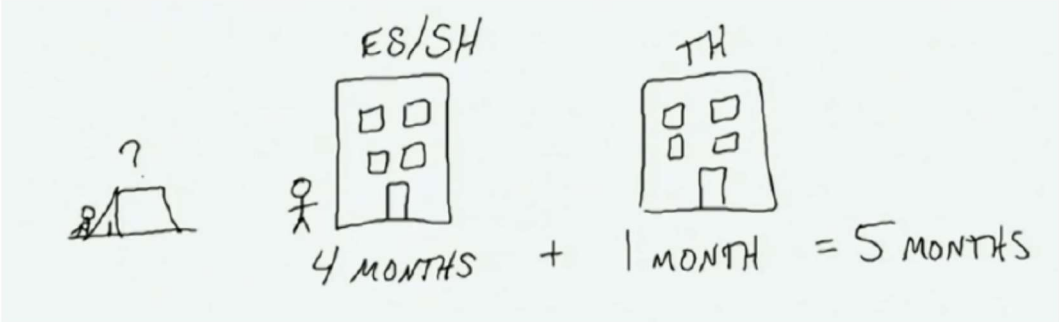
SPM #s 1, 2 and 7 in "plain language," with examples

SPM #1 The length of time persons remain homeless.

IN PLAIN LANGUAGE: *What is the average and median length of time persons remain homeless before moving into permanent housing?*

The goal of the Measure is to see a reduction in both the average and the median length of time homeless from one year to the next.



Example of aggregate data for SPM #1

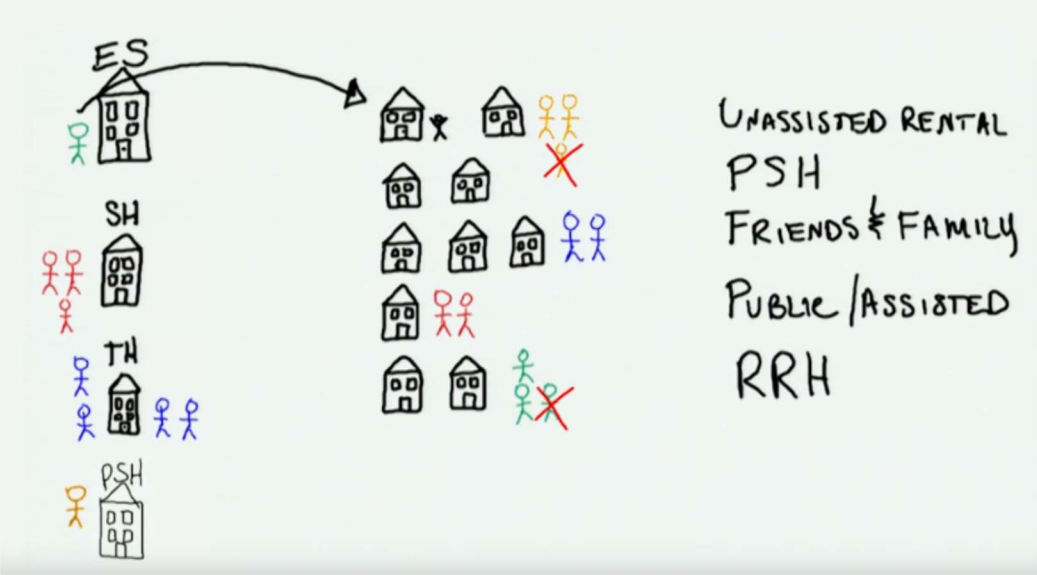
	Current Year Counts (Persons)	Current Year Average LOT	Current Year Median LOT
Persons in Emergency Shelter and Safe Haven	568	117	124
Persons in Emergency Shelter, Safe Haven, and Transitional Housing	809	139	124

	Current Year Counts (Persons with 3.917)	Current Year Average LOT (with 3.917)	Current Year Median LOT (with 3.917)
Persons in ES, SH, and PH	727	580	151
Persons in ES, SH, TH, and PH	1009	618	201

SPM #2 : The extent to which persons who exit homelessness to permanent housing destinations return to homeless [within 6 months, 12 months and 24 months]

IN PLAIN LANGUAGE: *What percentage of those who move from homeless services projects into permanent housing become homeless again within 6 months, 12 months, 24 months of placement?*

The goal of the Measure is for people to exit "the system" to permanent housing and not return to homelessness. System progress occurs when the percentage of people who return to homelessness during each of the relevant periods is being steadily reduced.



Example of aggregate data for SPM #2

Measure 2a and 2b: The extent to which Persons who Exit Homelessness to Permanent Housing Destinations Return to Homelessness within 6 to 12 months (and 24 months in a seperate calculation)				
	Total # of Persons who Exited to Permanent Housing Destination (2 Years Prior)	Returns to Homelessness in less than 6 Months (0-180 days)	Returns to Homelessness from 6 to 12 Months (181-365 days)	Returns to Homelessness from 13 to 24 Months (366 – 730 days)
Exit was from SO	7	0	0	1
Exit was from ES	119	14	5	3
Exit was from TH	98	5	0	4
Exit was from SH	5	2	0	0
Exit was from PH	318	8	4	12
TOTAL Returns to Homelessness	547	29	9	20

SPM #7: (a) Successful placement from Street Outreach.

AND

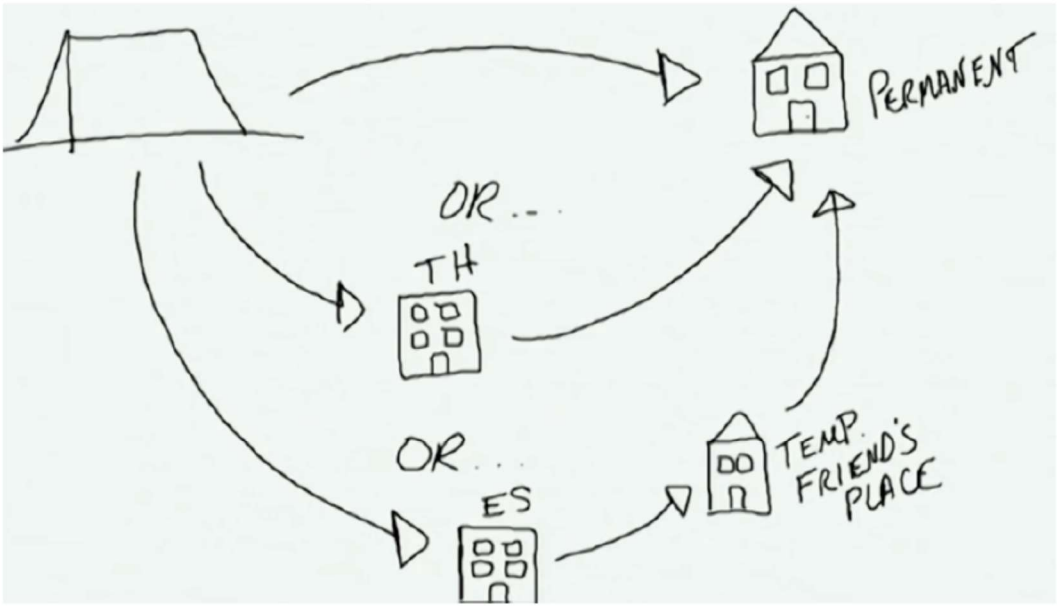
(b) Successful placement in or retention of permanent housing.

IN PLAIN LANGUAGE: (a) *What percentage of those persons who have been in contact with a Street Outreach program exited Street Outreach to a positive destination or placement during the relevant period ?*

AND

(b.1) *What percentage of those persons in ES, SH, TH, PH-RRH projects exited the project to permanent housing destinations during the relevant period?* (b.2) *What percentage of those persons in applicable PH projects exited to, or retained, a permanent placement during the relevant period.*

(a) Successful placement from Street Outreach:

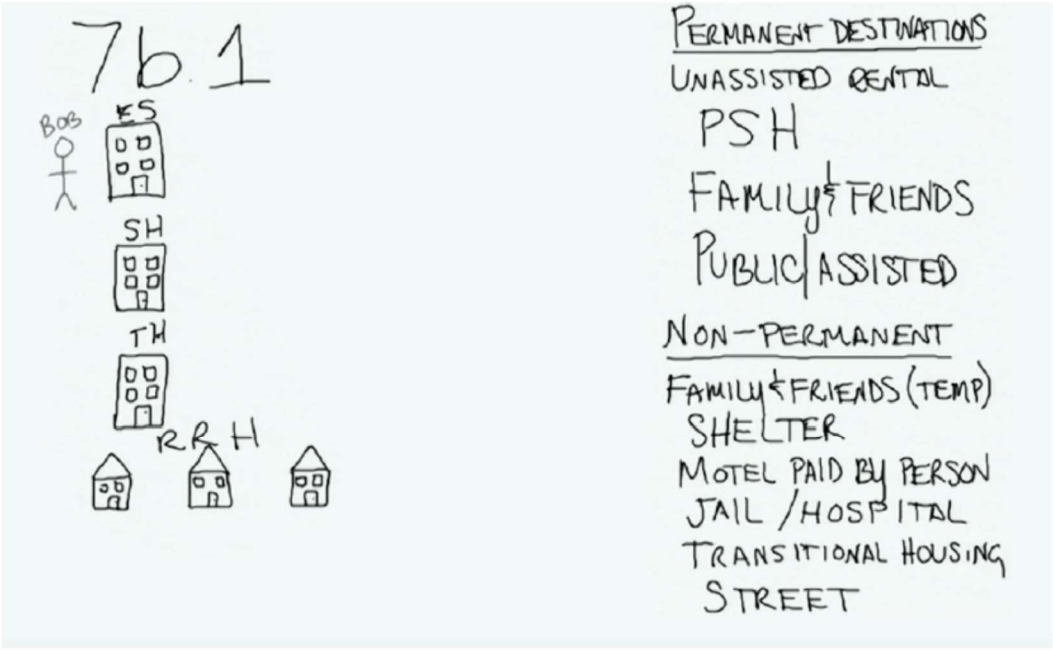


Example of aggregate data for SPM #7(a):

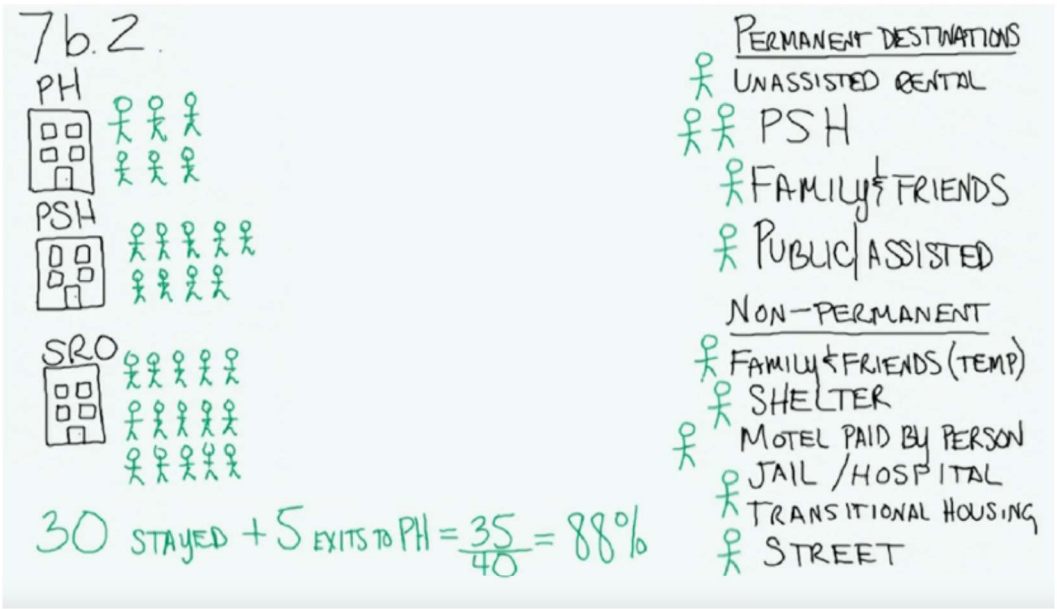
Metric 7a.1 - Change in exits to permanent housing destinations

	Prior Year Counts	Current Year Counts
Persons who exited Street Outreach		69
Exited to temporary & some institutional destinations		13
Exited to permanent housing destinations		5
% Successful exits		26.09%

(b.1) Successful placement in permanent housing:



(b.2) Successful placement in, or retention of, permanent housing:



Example of aggregate data for SPM #7(b):

Metric 7b.1 - Change in exits to permanent housing destinations

	Prior Year Counts	Current Year Counts
Persons in ES, SH, TH, and PH-RRH who exited, plus persons in other PH projects who exited without moving into housing		1754
Exited to permanent housing destinations		545
% Successful exits		31.07%

Metric 7b.2 - Change in exits to or retention of permanent housing

	Prior Year Counts	Current Year Counts
Persons in applicable PH projects who exited after moving into housing, or who moved into housing and remained in the PH projects		114
Remained in applicable PH projects and or exited to permanent housing destinations		109
% Successful exits/retention		95.61%
