7/26/23	What dates should the APR cover for Renewal Applications?	Page 25 of the RFP states, "For renewal projects – Annual Performance Report (APR) covering 12-month period (or less if project started after August 1, 2022) ending July 31, 2023."					x			
7/26/23	What Project Types can a Renewal transfer to?	The project type is not prescribed within Transfer protocols, per se. The HUD processes allow a transfer to a different project type if and when there is rationale that the current type is no longer needed in the community or the target population (e.g., youth, chronically homeless) would be better served by a different project type. The process requires that the provider communicate their intent to the CoC.								x
7/26/23	Does the project budget need to include the 1% CoC coordination assessment?	The CoC will invoice the agency for the equivalent of 1% of the grant amount. <del>The agency is advised to budget for that expense outside of the project application, as it cannot be paid for by HUD funds- 8/7/23</del> <b>CORRECTION: HUD Admin funds can be used for this purpose.</b>								x
8/8/23	Will CoC renewals be funded at the same amount as listed on HUD's Grant Inventory Worksheet?	The recommended funding for a CoC renewal project is based on a number of factors, including the quality of the application, scoring, and the final project ranking. CoC Tier 1 funding is 93% of the renewal demand. It is allowable for a CoC to use its bonus funds to offset the 7% difference, which, in turn, would decrease funds available for new projects.	x				x	x		
8/14/23	Am I understanding the YHDP addendum correctly that I am supposed to attach: E-Snaps PDF, Equity Supplemental Questions, Match Documentation, Application Certification, APR, AND a PDF of the project description (1.1) to include sections 1.1.1, 1.1.2, and 1.1.3?	The YHDP Addendum does not change the documents that are to be submitted to the CoC. What it does change is the content of your response to Screen 3B, #1, Description in e-snaps, which states: "Provide a description that addresses the entire scope of the proposed project." This is where YHDP Renewal Project applicants are asked to provide SUPPLEMENTAL INFORMATION in response to the SUPPLEMENTAL QUESTIONS listed in the YHDP Addendum. All project types are to address sections 1.1.1, 1.1.2, 1.1.3, and 1.1.5 from the addendum. Coordinated Entry Renewal should also address 1.1.4; and Joint TH-RRH Renewal should also address 1.1.6.		x						
		Match documentation should be attached to your application in e-snaps.			x					
		Please see RFP Attachment 1, page 25 to ensure that all the required documentation is submitted in the application process.								x
8/16/23	Do we need to submit a full application by August 18?	See page 25 of the RFP for documents required to be submitted by the 5:00 p.m. deadline on August 18. Applicants will receive a request for revisions on August 21 and will have until August 30 to make revisions.				x
