CONSENT CALENDAR

TOPIC 1 – Reviewing and Finalizing YYA Subcommittee Goals

Discussion Overview:

- **Patrick** initiated the conversation on reviewing and refining the **primary goals** of the YYA Subcommittee, emphasizing the importance of clear, unified language that guides the group's direction and vision.

Primary Goal 1: Amplifying Youth Voices

- **Chris Lopez** suggested enhancing the language to ensure the voices of youth and young adults are integrated across all areas of the subcommittee's work.
- **Cassandra Bay** questioned whether amplifying and developing youth voices should be separate goals.
- **Marianne Bradshaw** supported keeping the goal as written but acknowledged its application may vary year to year.
- **Megan Perez** noted that although Backbone is interested in engaging, their availability is limited.
- The subcommittee agreed that the goals can be utilized across individual teams, not just within YYA.

Primary Goal 2: Outreach and Engagement

- **Chris Lopez** proposed rewording this goal to include outreach, events, presentations, and collaboration.
- The group discussed the potential of quarterly outreach events to foster cross-agency collaboration.

Primary Goal 3: Data and Funding Application

- Feedback indicated this goal lacks specificity.
- Suggestions included focusing on how data informs funding decisions and evidence-based practices, rather than political trends.
- **Patrick** emphasized prioritizing access to mental health services and strategic fund allocation.
- **Chris** and **Jay** discussed whether the goal should center on measurable funding strategies or implementation of best practices—ultimately deciding these may need to be addressed separately.

Supporting Goal 1: Youth CE System Accessibility

- This goal has been achieved but needs updated language.
- Suggestions included:
    - Communicate more effectively with local providers about the Youth CE system.
    - Decrease barriers to access and expand use beyond initial assessments.
    - Improve follow-up care processes.
- **Will Wacha** and **Megan Perez** supported revisiting this goal to make it more actionable and collaborative.

Supporting Goal 2: Data Sharing

- Agreed that language needs updating from its 2020 context.
- Revised language: *"Improve local youth data gathering and sharing with community partners."*
- **Marianne** emphasized not limiting data sharing to PIT counts.

Supporting Goal 3: Host Homes

- Original goal: *"Establish a Host Home program that fits the needs of communities in the Marion-Polk region."*
- Discussion revealed uncertainty around making this a formal goal.
- **Patrick**, **Chris**, and **Marianne** agreed on possibly removing or reframing the goal.
- **Carol McKiel** suggested focusing on community education around Host Homes rather than full program development

TOPIC 2 – Community Partner Presentations

Will Wacha – RRH-RAY and Youth Coordinated Entry

- Serves youth ages 16–24.
- Offers at least one year of rental assistance with case management aimed at long-term stability.
- Services include resume development, mock interviews, and coordination with West Salem Clinic.
- Program entry is via referral and coordinated entry.
- Clients gradually assume responsibility, starting with a $25 electric bill payment by month four.
- 43 households have been served to date.
- Currently experiencing delays due to a referral backlog. Operates as a referral pool rather than a waitlist

Michelle Helbling – Charlie Health

- Presentation postponed to the next YYA Subcommittee meeting. Motion to revise the agenda since we were out of time to allow Michelle Helbling to have more time to present at a later date. Motion issued by Jacob, seconded by Christopher. Approved by consensus.

Meeting adjourned @ 11:30AM
