SEPTEMBER JOINT BOARD AGENDA

Lozier walked the group through the September Joint Board agenda, incorporating suggestions such as noting organizations of recommended committee member appointments and applications of Review & Recommendations Committee members.

A conversation took place regarding the plans for the Point-In-Time (PIT) Count. It was recommended that coordination and conversations with jurisdictions take place ahead of

time regarding incentives, noting gift cards for food as a possible incentives rather than items that could create additional waste.

There was a request for clarity in MWVHA versus ORS 190 Entity Board actions both on the agenda and in the meetings themselves. An observation was made that not all Board members are familiar with the structure and delineation. A discussion ensued about joint versus separate meetings and how to best organize the agenda.

The Long Term Rental Assistance (LTRA) program was briefly discussed to provide overview and context prior to the contract with the Mid-Willamette Valley Community Action Agency (MWVCAA). MWVCAA will provide vouchers and supportive services for clients that they are already serving. A concern was raised that the program duplicates Medicaid's waiver program and wondering if there are eligibility overlaps.

MOTION BY BETHELL:

To approve the September Joint Board agenda with the Alliance and ORS 190 items highlighted separately.
