HIC Summary Report

This document is printable

HudNum: CoC
HIC Date: HIC Date

Note on this Template

This spreadsheet has been designed as a lightweight method for users to view their HIC data in a spreadsheet-based format that is easier to visualize and print and includes references to the raw data elements users fill find in the HIC data as entered in HDX 2.0.

How To Populate This Template

For a visual guide with screenshots for how to populate this template, please check the HDX 2.0 Issues page (the URL to that page is available on the banner of HDX). Otherwise, follow these instructions: 1) Download the HIC Raw Data from the "HIC Reports" page of the HIC module of HDX and open it in Excel. 2) Paste that .csv data into the "HicRawData" tab of this spreadsheet (we recommend that you use the 'Paste as Values" option). The data on all other tabs will then update automatically. You may need to enable automatic calculation in the "Formulas" tab of Excel.

Additional Notes

All of the sheets of this spreadsheet are locked by default except for the "HicRawData" sheet. Some advanced users may choose to make edits by unlocking the spreadsheet - the password to unlock the spreadsheet is "unlock" (without quotes). Users who unlock the spreadsheet may choose to unhide column that contain variable references. For most users, however, we do not recommend making edits to any of the formulas as this can make the template behave in unexpected ways. AAQ support cannot be provided to individuals who have edited formulas in this spreadsheet.

If, after pasting your data, you still see many cells showing "NO DATA" or experience other issues, we recommend that you redownload the latest raw data and template available on HDX.

HIC Summary Report
